DISHWASHER RACKING PROCEDURE

PLATES, CUPS & CROCKERY:

1. Rack plates and saucers into baskets. Each item should be tilted back with soiled eating surface up.
2. After washing allow to dry thoroughly and stack with eating surface up.
3. Cups, shaped dishes and glassware should be placed in special baskets provided, with face or dished side down.
4. After washing, allow to dry thoroughly.
5. Store in clean open racks.

CUTLERY:

1. **FIRST WASH** - Place at random in open tray.
2. **SECOND WASH** - Sort into cutlery boxes with sharp end UP. Run through machine.
3. Transfer washed cutlery to clean cutlery boxes and store sharp end.
