ANTIBACTERIAL FOAM WASH

RapidClean Antibacterial Foam Wash is a fragrance free, sanitising foaming washroom hand cleanser. It is designed for use in the following industrial situations: food processing plants, canteens, restaurants, kitchens, kindergartens and schools, nursing homes, effluent and waste disposal sites, janitors and industrial washrooms.

Use RapidClean Foam Wash Antibacterial to clean and sanitise hands before handling food or after cleaning up waste which may be microbiologically contaminated. It produces a rich lather combined with a gentle cleansing action and is based on low irritant, biodegradable surfactants with skin emollients to prevent dry skin.

DIRECTIONS FOR USE

1. Apply 1 to 2 Pumps of product onto hands
2. Massage into the skin between fingers and under the nails.
3. Add a little water if required to maintain a good lather
4. Rinse off with cold or warm water potable water and dry

SUITABILITY OF CHEMICAL FOR FOOD PREPARATION AREAS

When used as directed Antibacterial Foam Wash is suitable for use in kitchens and food preparation areas.
