- Foaming Alkaline Cleaner

K3 KITCHEN

Safe for food preparation areas

Australian Made & Owned

GRILL MASTER

Grill Master is a foaming alkaline cleaner for ovens, grill plates and deep fryers.

Grill Master is specifically formulated to remove heavy deposits of grease, fat, oil and carbonised soils from hot plates and ovens. It is also recommended for cleaning stainless steel canopies and benches in kitchen environments. N.B: Grill Master must not be used on reactive metals such as aluminium.

FEATURES & BENEFITS

- Concentrated liquid - economical and safe to dose compared to powders.
- Contains speciality wetting agents to enhance cleaning and provide good rinsing properties.
- Contains no volatile solvents to ensure safe use on warm surfaces.

DIRECTIONS FOR USE

Spray Grill Master Heavy Duty Oven & Grill Cleaner using foam head on to warm 50°C surface. Cover soiled areas with foam, let stand for 10-15 minutes. On cold surfaces, let stand for minimum 10 minutes. Wipe off with damp cloth, rinse surface with water. Avoid contact with aluminium and painted surfaces.

SUITABILITY OF CHEMICAL FOR FOOD PREPARATION AREAS

When used as directed Grill Master is suitable for use in kitchens and food preparation areas.
