H2O HOUSEKEEPING

Safe for food preparation areas

Australian Made & Owned

M.A.C

M.A.C is a multi purpose acid cleaner that removes cement residues, mineral scale and metal oxide. It also works as a corrosion inhibitor. Ideal to use for concrete, brick or exterior cleaning. Suitable for dishwasher descaling and use in food preparation areas. M.A.C is also suited for cleaning washroom areas and stainless steel urinals.

FEATURES

- Multipurpose acid cleaning formula.
- Works as a corrosion inhibitor.
- Suitable for use on external brick and concrete surfaces.
- Suitable for use on washrooms and stainless-steel urinals.
- Safe for use in food preparation areas.

DIRECTIONS FOR USE

Light Build Ups: 1:20 parts water. Spray product on surface. Leave for up to 30 minutes, scrape off or hose off with high pressure jet.

Heavy Cleaning: Undiluted or 1:4 parts water. Spray product on surface. Leave for up to 30 minutes, scrape off or hose off with high pressure jet.

Dishwasher Descaling: Disconnect normal chemicals tubes, drain the machine, fill fresh water, Add (500ml to single rack machine - 1L for pass through machines) and run for 20 minutes or until satisfactory result is achieved.

SUITABILITY OF CHEMICAL FOR FOOD PREPARATION AREAS

When used as directed M.A.C is suitable for use in kitchens and food preparation areas.
